

The faculties of RK University had the privilege to attend Yujon Dream Sleep (*DreamSleep Yognidrasana*) session of Kalpdroom Scientist Lalit Kachhadiya (founder the Yujon, Kalpdroom Science Research Center, Surat, Gujarat, India). All the faculties found it very interesting and relaxing session. The discussion after the DreamSleep where Sc. Lalit Kachhadiya shared his scientific views on living life happily was also very helpful to all. Sc. Lalit has deep knowledge about *Yoganidra*. The Yujon Kalpdroom Science has a scientific approach to all their programs. I personally recommended these programs for faculties and students. In our hectic and stressful schedules and life styles these types of programs have become the need of the hour. Best wishes to Sc. Lalit for grand success of all his future programs.

Warms Regards,

Denish Patel

### **TO WHOM SO EVER IT MAY CONCERN**

This is to certify that Dr. Lalit Kachhadiya came to St. Xavier's School, Surat and addressed the students on the topic "Holistic life and Holistic Empowerment". His talk on the said topic was both thought provoking and enlightening the mind and the heart of the students. He highlighted the importance of our very existence as well as the power that is within us. Indeed it touches the hearts of soul students if not all. Inspired by his talks, some of the students asked him very pertinent questions related to God and religiosity. He demonstrated his views through examples and video clippings. He challenged and invited them to lead a life in abundance and Holistic life. I am truly grateful to him for his precious time spent for the students of St. Xavier's School, Surat. I wish him well for all his future endeavours.

## Testimonial

I liked the work of 'Holistic Living Scientist Lalit Kachhadiya', the inventor, Researcher as well as mentor of the Kalpdroom Science'. He solves the problems that society is facing right now. Especially if I talk about myself, He met me as 'Scientist in Real Form', He brought 'happiness and joy' again in my life by 'Self Realization'.

## Testimonial

**To, Vignāni Scientist Lalit Kachhadiya**

4yog, Conscience, Consciousness & Applied Spiritual Life Science

Scientist, Founder: Yujom Life Science. Researcher: Kalpdroom

Science Research Center. Surat. Gujarat, India.

I am very proud and happy to have the opportunity to 'Know Kalpdroom Science and Enjoy DreamSleep' from you on Sunday 28th July 2019 and therefore I offer this testimonial to you.

With your years of scientific research and intuition, as the pioneer and independent researcher of Kalpdroom Science, you are the world's first 'Holistic Living Spiritual Scientist' who knows the 'nature, conscience and soul-supreme soul science' that everyone will need today or in the future!

This is one of the greatest sciences for purity of Chitt (Reflective Consciousness).

In earlier times muscles power, then now money power was strength, but now 'reflective consciousness power' i.e., 'Chitt' will be the only power!

Kalpdroom Science includes 'karma science of cause and effect', 'science of morality & ethics', 'science of birth and rebirth', 'science of cosmic power', 'science of speech karma', 'cultural science' etc.

The fact that it has truly helped to make life happier for all will give 'independent permanent happiness' to children, students, couples, parents and business people.

Thank you

Dr. Chandresh Chandpara

# YUVA TALIM KENDRA, SARANGPUR

Address : Sarangpur, Ta. Barvala, Distt. Botad, Gujarat - 382451

Date : 26/02/2020

Yuva Talim Kendra (YTK), an initiative of BAPS Swaminarayan Sanstha, had an opportunity to host Shri Lalitbhai Kacchadiya at BAPS Swaminarayan Mandir, Sarangpur. YTK was established in Sarangpur, Gujarat in 2007 by His Holiness Pramukh Swami Maharaj. Today it is nurtured by His Holiness Mahant Swami Maharaj's love, care and guidance. It is six months residential training in character building, social & family values, soft skills & career development with spirituality to selected youths of rural and urban India. Lodging, boarding and medical requirements of the trainees are taken care of during the training period by BAPS. In recent years, about 200 youths attend each of the two training programs conducted every year. Since its establishment, over 2000 youths have benefitted from the YTK.

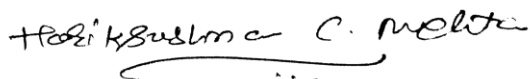

Lalitbhai's Yujon Dream Sleep (Dream Sleep Yognidrasana) sessions were greatly applauded and well received by the youths of YTK. He is a scientist and pioneer of the Yujon Kalpdroom Science Research Center, Surat. His experience and knowledge was clearly evident through his sessions.

The Yujon Kalpdroom Science Research center has a specific approach to its programs. In the hectic lifestyles of today's youths, these types of programs address a pressing need. The YTK youths found Lalitbhai's sessions very engaging and relaxing.

Lalitbhai's one on one consultations following the Dream Sleep sessions were particularly more interesting and very beneficial.

We thank Lalitbhai for taking his time to share his experience. We would recommend these programs for other youths and anyone interested in Yogasan therapy.

With the prayers and best wishes,

Harikrushna C. Mehta  
(YTK Admin)

Inspirer : Mahant Swami Maharaj
